++ Valid for broadcast between 1800 and 0600

Headline:
Dry with long spells of strong sunshine. Coastal sea-breeze developing.

This Evening and Tonight:
Largely sunny this evening, and clear for much of the night. A little patchy mist possible by dawn. Rather humid and muggy leading to an uncomfortable night for some, especially in the city. Minimum temperature 10 deg C (50 deg F).

Sunday:
Any initial mist or fog quickly clears. Then dry and largely sunny, and becoming very warm for many places. However, coastal locations will be slightly cooler as light sea-breezes develop. Maximum temperature 27 deg C (81 deg F).

Outlook for Monday to Wednesday:
Mainly dry and sunny each day with light winds and sea-breezes. However, Wednesday there is an increasing chance of thunderstorms. Generally warm or very warm, but locally hot on Monday.
